

ASSEMBLY BILL

No. 270

Introduced by Assembly Member De La Torre

February 12, 2009

An act to amend Section 391 of the Welfare and Institutions Code, relating to dependent children.

LEGISLATIVE COUNSEL'S DIGEST

AB 270, as introduced, De La Torre. Dependent children.

Existing law imposes various duties on the county welfare department at any hearing to terminate jurisdiction over a dependent child who has reached the age of majority. Among other duties, the county must submit a report verifying that certain information, documents, and services have been provided to the child including written information concerning the child's dependency case that includes any known information regarding the child's Indian heritage or tribal connections, if applicable, his or her family history and placement history, and any photographs of the child or his or her family in the possession of the department, except as specified. The documents provided must also include a letter prepared by the county welfare department that includes specified information regarding the child, and, if applicable, a social security card, a certified birth certificate, a health and education summary, an identification card, a death certificate of parent or parents, and proof of citizenship or residence. The court is authorized to continue jurisdiction if it finds that the county welfare department has not met these requirements and that termination of jurisdiction would be harmful to the best interests of the child.

This bill would additionally require that the documents and information to be provided to the child include all addresses of residency

while under the jurisdiction of the juvenile court, a voter registration form, and, if applicable, a United States Selective Service registration form. The bill would require the court to continue jurisdiction if it finds that the county welfare department has not provided to the child the information and documents described above. By imposing additional duties on local employees, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

6 section, the continuation shall only be ordered for that period of
7 time necessary for the county welfare department to meet the
8 requirements of paragraph (2) of subdivision (a). This section shall
9 not be construed to limit the discretion of the juvenile court to
10 continue jurisdiction for other reasons. The court may terminate
11 jurisdiction if the county welfare department has offered the
12 required services, and the child either has refused the services or,
13 after reasonable efforts by the county welfare department, cannot
14 be located.

15 (b) The Judicial Council shall develop and implement standards,
16 and develop and adopt appropriate forms, necessary to implement
